A versatile professional with experience in Sales, Marketing & Operations. Specialist understanding of the localisation environment and global business engagement. Delivering success over e-Commerce, Space & Aerospace, Film & TV, e-Learning, Fintech & Gaming via successful six and seven-figure sales contracts and account management portfolios. Managed and operated successful Marketing campaigns for international film & gaming lifecycles. Learning and evolving with each role to be a team player, sharing and delivering success for each business operated within.

Experience

Founder @ Thirty Tree Consultancy Globalisation & Language Technology

Director Business Development & Partnerships @ Alpha CRC Translations Technology Solution Provider (LLM Agentic Workflows & AI-Translate)

January 2026 – Present

- Using **Zoominfo** and **Pipedrive** to research and develop opportunities with genuine intent to buy. Expert in knowledge of BANT & MEDDPIC.
- Helped create sales support documentation for the new technology offerings (LLM Model training and Agents).
- Expanded the current customer base by outreach to new teams and technology adoption.
- Supported the AM team to create a narrative for selling LLM technology to their customers.
- Actively selling studio services: voice-over, dubbing (AI & Human), subtitling, mixing and podcast recording.
- Setting up and researching the frameworks for partnerships to share technology, insights and customers.
- Conference identification and attendance: Exhibited once & 8 walk-ons, one in Germany.
- Demo & introduce Alpha to new prospects, managing the deck preparation and the technology focus of the conversation.
- **Results: £250k from an internal sale, two more deals in the pipeline. Partnership program in the negotiation stages with two major businesses.**

Senior Account Director @ LILT AI SaaS platform supplying AI language solutions

January 2025 – August 2025

- Daily strategy & management of 15+ high-profile customers: e-Learning, e-Commerce, Aerospace, Film & TV, Fintech & SaaS.
- Operated as a conduit between the clients and the program team. Helping adopt new technology, alignment of services for different needs and creating new optimised workflows to suit the changing landscape.

- Maintaining and delivering on cost, quality and delivery KPI's (**Planhat**).
- Mentoring and training the ADR team in customer success, vendor management & sales success stories.
- Cultivated and nurtured long-term, high-value client relationships, serving as a trusted advisor to understand business challenges and ensure sustained client success and satisfaction.
- Working closely with the AEs to develop a long-term strategy for outreach, supportive content and deal structuring.
- Managing and researching growth within the customers via CRM (**Salesforce**) engagement & LinkedIn. Delivering a sales cycle for expansion into new markets and services.
- Creating use cases and customer stories to be shared outside of the business and delivered at conferences.
- Delivering new partnerships and contracts with existing customers to a SaaS style billing cycle.
- **Results: Onboarded 4 new clients in the first 6 months, two with programs worth over 1 million. Worked with the team to create a new set of multimedia service types to be offered to all customers.**

Enterprise Account Manager @ Translated **Localisation services, machine translation & LLM model building** **Value managed individually - \$5 million**

September 2022 – December 2024

- Day-to-day responsibility for the maintenance, management & growth of 6 high-profile clients: Space & Aerospace, e-Commerce, e-Learning & Fintech.
- Onboard new clients: Create an account plan and introduce their Translated team. Developing individually tailored programs to suit their needs. More human intervention or AI-Translate
- Working closely with sales teams and individual AEs to develop sales strategies for new clients and providing support throughout the contracting phase. (**Hubspot**)
- Leading in all client meetings, developing shared presentations and supporting documentation about their program.
- Being a thought leader within the business and a supportive guide for clients on the evolution of our technology.
- Part of a task force to record and deliver optimisation of Account Management roles and processes.
- Creating, planning and managing QBRs throughout the year.
- Working with the integrations team for the discovery & delivery of new connectivity for clients.
- **Results: Grew one partner to over \$1 million from \$250k the previous year, but also onboarded a new client worth \$2.5 million. Created an evolutionary chain of technology adoption - expanding our services into their environment.**

Media Content Manager @ Electronic Arts (Gaming)

Content, Adaptation & Localisation Sports Games

June 2021 – August 2022

- Management of the entire international campaign for EA Sports FC, Madden, NHL & others.
- Operational management of Organic, Paid & Biddable Media. AV, Social, OOH & print channels. (**Smartsheet**)
- Managing all communication with Brand Managers, Marketing Strategy and Production, to plan and operate extensive schedules, expenses and delivery timelines.
- Complete vendor selection and management, tracking KPI's & SLA's for performance and growth. Recapping in QBRs throughout the year.

- Financial management for each campaign, PO creation and reporting. (**Coupa**)
- Specialised content creation for individual campaigns and channels, trailer cut-downs and adaptations.
- Delivering original works with the production team for cultural and international commercials. Example: highly successful 'FUT Reveal' Series - EA Sports FC.

Marketing Content Manager @ Warner Bros.

International Distribution: Marketing Team Trailers - Dubbing & Subtitling

June 2019 – December 2020

- Content localisation and distribution - subtitling and dubbing
- Territory management and delivery schedules
- Operational guidance and technology management
